Cut and return application

LEGO MINDSTORM NXT Robotics (Gr. 3-5) or (Gr. 6-8)

Campers will work together in teams using math, science and engineering skills to solve various challenges through designing, building, programming and testing LEGO Mindstorm NXT robots.

Bring a bag lunch and stay all day.

Animation Programming with ALICE 3-D (Gr. 6-8) or

SCRATCH (Gr. 3-5) Campers will learn to write simple animation programs using menu based software to animate objects on a virtual canvas. (software will be available for continued use at home)

Schedule

MORNING Session: 8:30 am till 12:00pm (cost \$140)

|---------------------|-------------------------|
| ALICE 3-D (Gr. 6-8) | MINDSTORM NXT (Gr. 3-5) |
|---------------------|-------------------------|

Additional forms and information available at www.iu1.org or www.iu1stemcenter.org

Save \$60 when you attend both sessions. Registration fee includes daily snacks and CAMP Tech T-shirt.

Register early. Space is limited to the first 16 campers in each session and is available on a first come first serve basis.

Campers will receive a written confirmation of enrollment and it will include an Emergency Medical Form and Release from Liability Form that must be completed and returned to the Science Matters Program.
CANCELLATION POLICY— Any cancellation prior to one week before the start of a camp session will result in the return of \$90 of the \$140 fee or \$160 of the \$220 fee. Any cancellation less than one week before or after the start of the camp session will result in the complete forfeit of the camper's registration fee.
